IKONICS ANNOUNCES SECOND QUARTER 2021 RESULTS

DULUTH, MN - IKONICS Corporation (Nasdaq: IKNX), a Duluth-based imaging technology company (“**IKONICS**” or the “**Company**”), announced its second quarter 2021 earnings. Revenue for the second quarter of 2021 was \$4,251,000 compared to \$2,572,000 for the same period in 2020, an increase of 65%. IKONICS posted a second quarter loss of \$722,000 or \$0.37 per diluted share, versus the second quarter 2020 pandemic related loss of \$1,042,000, or \$0.53 per diluted share. For the six months ending June 30, 2021, the Company realized a net loss of \$0.53 per diluted share compared to a net loss of \$0.82 per diluted share for the same period in 2020.

On a Non-GAAP basis, for the second quarter of 2021, IKONICS realized earnings of \$75,000, or \$0.04 per diluted share, excluding transaction related professional service and stock based compensation expenses.

Glenn Sandgren, IKONICS CEO noted, “In the second quarter we saw improvement in both the breadth and pace of the recovery. Our second quarter performance is incrementally improved over recent years, even with the negative impacts of the industry-wide supply chain shortages. Fortunately, these constraints have lessened considerably in the last month.”

Key Highlights:

- Non-GAAP second quarter 2021 earnings were \$75,000 on revenue of \$4,251,000.
- Supply chain issues caused by the 2021 Texas power crisis triggered force majeure failure of key suppliers impacting 2021 second quarter sales but have substantially subsided.
- New product initiatives are progressing well, including:
 - o IKONART® sales continued to be robust at a greater than 100% CAGR since 2019; and
 - o Continued favorable customer evaluations of the Dualprint™ mold testing system.
- Entered into a definitive merger agreement with TeraWulf Inc. (“TeraWulf”) for a business combination, which is expected to close in the second half of 2021.

Sandgren, continued, “We remain excited by the prospects for all our constituents. The legacy business continues to perform well in the face of near-term supply chain challenges. Additionally, the proposed business combination with TeraWulf provides genuine “win-wins” for our shareholders, including the opportunity to realize a substantial upfront cash payment and continue to benefit from the value of our legacy imaging business. Our shareholders also gain the ability to participate in the potential upside of TeraWulf’s compelling business – owning and operating fully integrated environmentally clean bitcoin mining facilities in the United States. We believe that securing the long-term viability of our legacy business will enable us to continue to meet our customers’ needs, offer employment opportunities for our workforce and support the local economy.”

The presentation of this information is not meant to be a substitute for the corresponding financial measures prepared in accordance with GAAP. Investors are encouraged to review the reconciliation of GAAP to non-GAAP financials measures below.
